

## **REMARKS**

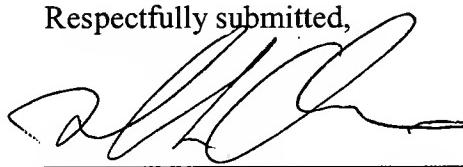

The specification is amended above to insert a reference to related cases.

An obvious translational/typographical error has been corrected in the example heading on Page 279. Support for the amendment is found in the specification and claims as filed.

No amendment of inventorship is necessitated by these amendments.

Early allowance of the claims is requested. Should the Examiner believe that a conference with applicants' attorney would advance prosecution of this application, he is respectfully invited to call applicants' attorney.

Respectfully submitted,

Mark Chao, Ph.D., Reg. No. 37,293
